MENSAJE DEL SECRETARIO DE HACIENDA

Estimado Contribuyente:

Como patrono que efectúa pagos de salarios, le corresponde a usted deducir y retener en el origen la contribución sobre ingresos correspondiente a las compensaciones de sus empleados, conforme a las tablas de retención que entran en vigor el 1ro de enero de 2004.

Con la sabia administración de los recursos, en la retención de los salarios, pagados después del 31 de diciembre de 2003, estará contribuyendo a forjar el futuro de nuestro pueblo y de nuestra gente. Será partícipe de un proyecto de futuro que nos dará las herramientas para lograr los cambios que anhelamos y que nuestro País requiere, conforme a los avances del Siglo 21.

A través de las páginas subsiguientes le ofrecemos una guía de información completa a los fines de orientarle sobre sus deberes contributivos y fiscales. Le exhortamos a estudiarla cuidadosamente y sobre todo, llamamos su atención con el propósito de que ejerza esta responsabilidad fiscal, conforme a las fechas establecidas.

El pago de la contribución retenida en el origen puede ser depositado en cualquier institución bancaria designada. El referido pago también puede ser efectuado mediante transferencia electrónica, en cuyo caso debe llenar la Solicitud de Transferencia Electrónica de Pago de Contribución Retenida sobre Salarios (Modelo SC 2764).

En el Departamento de Hacienda reiteramos a nuestros contribuyentes nuestro compromiso de servicio. Para requerir información o de tener alguna duda, puede visitar nuestras Oficinas, comunicarse a través del 787-721-2020, extensión 3611 o acceder nuestra página en el Internet www.hacienda.gobierno.pr. Esta información también está disponible en disco compacto.

Atentamente,

Juan A. Flores Galarza
Secretario

INSTRUCCIONES GENERALES

GENERAL INSTRUCTIONS

El Código de Rentas Internas de Puerto Rico de 1994, según enmendado (Código), dispone que todo patrono que haga pagos de salarios deducirá y retendrá contribución sobre ingresos sobre dichos salarios, de acuerdo a las tablas de retención aprobadas por el Secretario, las cuales forman parte de este folleto.

La contribución puede determinarse mediante dos métodos: **Método de Porcentaje** y **Método de Renglones de Salarios**. En ambos casos, la base para el cómputo de la contribución que se deducirá y retendrá en el origen será la diferencia entre los salarios y la exención para la retención a que tenga derecho el empleado.

METODO DE PORCENTAJE

Este Método utilizará dos tablas. Con la primera tabla se podrá determinar la cantidad de exención para la retención a que tendrá derecho el empleado de acuerdo con los salarios recibidos según su período de nómina. Esta cantidad dependerá de su estado personal, del número de dependientes y de si reclama o no alguna exención personal. La concesión por deducciones igualmente dependerá de la cantidad de deducción fija opcional o de las deducciones que estime que tendrá derecho a reclamar.

El segundo conjunto de tablas provee el porcentaje que aplicará a la "cantidad de los salarios" para determinar a cuánto ascenderá la contribución que el patrono deducirá y retendrá según los salarios y su período de nómina. Esta se compone a su vez de un conjunto de ocho tablas según los siguientes períodos de nómina:

- | | |
|---------------------|------------------------|
| 1. semanal | 5. trimestral |
| 2. cada dos semanas | 6. semestral |
| 3. quincenal | 7. anual |
| 4. mensual | 8. diario o misceláneo |

Para aplicar este conjunto de tablas, deberá considerarse que la "cantidad de los salarios" será aquella por la cual éstos exceden la exención para la retención.

En la tabla para determinar el total de exención para la retención a que tendrá derecho el empleado, se establecen las cantidades correspondientes que se concederán en cada período de nómina por:

The Puerto Rico Internal Revenue Code of 1994, as amended (Code), provides that every employer making payments of wages, shall deduct and withhold income tax upon such wages, according to the withholding tables approved by the Secretary, which are part of this pamphlet.

The tax may be determined by means of two methods: **Percentage Method** and **Wage Bracket Method**. In both cases, the basis for the computation of the tax to be deducted and withheld at source shall be the difference between the total wages and the exemption to which the employee is entitled for withholding purposes.

PERCENTAGE METHOD

This Method will use two tables. The first table may be used to determine the amount of the withholding exemption to which the employee is entitled, in accordance with his/her payroll period. This amount will depend upon the employee's personal status, the number of dependents and whether or not he/she claims any personal exemption. The allowance for deductions will equally depend upon the amount of optional standard deduction or the estimate of deductions which he/she will be entitled to claim.

The second set of tables provides the percentage that will be applicable to the "amount of wages", in order to determine how much will be the tax that the employer shall deduct and withhold according to the wages and payroll period. Such set consists of eight tables in accordance with the following payroll periods:

- | | |
|----------------|---------------------------|
| 1. weekly | 5. quarterly |
| 2. biweekly | 6. semiannual |
| 3. semimonthly | 7. annual |
| 4. monthly | 8. daily or miscellaneous |

To apply this set of tables, the "amount of wages" shall be that amount by which the wages exceed the withholding exemption.

The table to determine the total withholding exemption to which the employee will be entitled, specifies the corresponding amounts to be allowed for each payroll period for:

1. exención personal reclamada por el empleado,
2. exención por cada dependiente, y
3. cada concesión basada en deducciones.

El patrono deberá considerar el número de concesiones basadas en deducciones al momento de computar la exención para la retención del empleado. Para determinar esto, se proveen dos métodos: **método automático** y **método opcional**.

Mediante el **método automático**, el número de concesiones basadas en deducciones se determinará de la siguiente forma:

- (1) Si se trata de un empleado de empresa privada, se dividirá la cantidad de la deducción fija opcional a que éste tenga derecho entre \$500.
- (2) Si se trata de un empleado gubernamental que realiza aportaciones a un sistema gubernamental de pensiones o retiro, se dividirá la cantidad de la deducción fija opcional más el total de cualesquiera aportaciones de pensiones o retiro entre \$500.

En el **método opcional**, el número de concesiones basadas en deducciones se determinará de la siguiente manera:

Se tomará el total de las deducciones que el empleado estime que tiene derecho a deducir como deducciones detalladas y adicionales, o el total de la deducción fija opcional a que tenga derecho éste, más las deducciones adicionales, y el resultado se dividirá entre \$500. El empleado detallará su estimado de deducciones en el Formulario 499R-4A (Forma para Computar la Concesión por Deducciones de Acuerdo al Método Opcional) y lo entregará al patrono.

Cualquier fracción en exceso de 50% que resulte de las divisiones anteriores será considerada como concesión adicional.

Cuando un matrimonio rinde planilla conjunta y ambos cónyuges se acogen al método opcional, tendrán derecho a determinar el número de concesiones basadas en deducciones según sus deducciones combinadas. Además, podrán dividirse las concesiones totales según lo deseen, pero a base de concesiones completas. Sin embargo, una concesión reclamada por un cónyuge no podrá ser reclamada por el otro.

1. the personal exemption claimed by the employee,
2. the exemption for each dependent, and
3. each allowance based on deductions.

The employer must consider the number of allowances based on deductions when determining the employee's amount of withholding exemption. Two methods are provided for such determination: the **automatic method** and the **optional method**.

Under the **automatic method**, the number of allowances based on deductions shall be determined as follows:

- (1) In the case of an employee of the private business, the amount of the optional standard deduction to which he/she is entitled shall be divided by \$500.
- (2) In the case of a governmental employee who makes contributions to a governmental pension or retirement system, the amount of the optional standard deduction plus the total amount of any pension or retirement system contributions, shall be divided by \$500.

Under the **optional method**, the number of allowances based on deductions shall be determined as follows:

The sum of the itemized and additional deductions which the employee estimates he/she will be entitled to deduct, or the sum of the amount of the optional standard deduction to which he/she is entitled and the amount of the additional deductions, shall be divided by \$500. The employee must detail his/her estimated deductions on Form 499R-4B (Form to Determine the Allowances Based on Deductions under the Optional Method) and submit the same to the employer.

Any fraction in excess of 50% resulting from the aforementioned divisions shall be considered as an additional allowance.

In the case of a married couple filing jointly where both spouses elect the optional method, the number of allowances based on deductions may be determined considering their combined deductions. At their discretion, they may divide among them the total allowances so obtained, but such division will be based on complete allowances. Nevertheless, any allowance claimed by one of the spouses cannot be claimed by the other.

Una persona casada que vive con su cónyuge, rinde planilla separada y ambos se acogen al método opcional, deberán determinar el número de concesiones basadas en deducciones de acuerdo con el total de sus deducciones individuales. Esto estará sujeto a las cantidades máximas que tendrán derecho a deducir según se establece en los apartados (aa) y (bb) de la Sección 1023 del Código.

En el **Apartado C** del *Certificado de Exención para la Retención* (Formulario 499R-4), se provee para que el empleado indique el método, automático u opcional, mediante el cual desea que se le compute el número de concesiones basadas en deducciones.

Si escoge el **método opcional**, deberá entregar al patrono el *Certificado de Exención para la Retención* junto con el Formulario 499R-4A. En éste se provee para que el empleado prepare el estimado de sus deducciones y determine el número de las concesiones basadas en deducciones que habrá de reclamar.

Si escoge el **método automático**, el patrono deberá determinar del modo antes indicado, el número de concesiones basadas en deducciones a que el empleado tiene derecho.

METODO DE RENGLONES DE SALARIOS

El Método de Renglones de Salarios provee varias tablas para que el patrono determine directamente la cantidad de la contribución que se deducirá y retendrá según los salarios recibidos por el empleado durante el período de nómina aplicable: semanal, cada dos semanas, quincenal, mensual, y diario o misceláneo. Los pasos para calcular la cantidad de la contribución que se retendrá según este método son:

1. Determinar la tabla aplicable al caso de acuerdo con el período de nómina y estado personal del empleado.
2. Localizar la columna que corresponde a la suma del número de dependientes y del número de concesiones por deducciones del empleado.
3. Localizar, en las primeras dos columnas en el extremo izquierdo de la tabla, los renglones de ingreso entre los cuales está comprendida la cantidad de los salarios.

La contribución que se deducirá y retendrá será la cantidad que aparezca en la misma línea del renglón de ingreso que corresponda a la columna localizada mediante el paso 2.

A married person living with spouse, filing separately and both spouses elect the optional method, they must determine the number of allowances based on deductions according to the total of their individual deductions. This shall be subject to the maximum amounts which they will be entitled to deduct as provided in subsections (aa) and (bb) of Section 1023 of the Code.

In **Part C** of the *Withholding Exemption Certificate* (Form 499R-4.1), the employee must indicate the method, automatic or optional, by which the number of allowances based on deductions will be computed.

If the employer chooses the **optional method**, he/she must file with his/her employer the *Withholding Exemption Certificate* along with Form 499R-4B. This last form provides for the employee to estimate his/her deductions and determine the number of allowances based on deductions that he/she will claim.

If he/she chooses the **automatic method**, the employer must determine, as previously indicated, the number of allowances based on deductions which the employee is entitled to claim.

WAGE BRACKET METHOD

The Wage Bracket Method provides the tables for the employer to make a direct determination of the tax to be deducted and withheld with respect to the wages received by the employee during the applicable payroll period: weekly, biweekly, semimonthly, monthly, and daily or miscellaneous. The steps to be followed in determining the tax to be withheld under this method are as follows:

1. Determine the applicable table considering the payroll period and the personal status of the employee.
2. Find the column corresponding to the sum of the number of dependents and number of allowances based on deductions of the employee.
3. Find, in the first two columns at the left of the table, the wage bracket which includes the amount of wages.

The tax to be deducted and withheld shall be the amount appearing on the same line corresponding to the wage bracket on the column mentioned in step number 2.

La Sección 1141(c) del Código establece que el número de concesiones por deducciones se determinará dividiendo la cantidad de la deducción fija opcional (o de las deducciones detalladas) y las deducciones adicionales, más el total de cualesquiera aportaciones efectuadas por el empleado a un sistema gubernamental de pensiones o retiro, entre \$500. No obstante, el patrono que utilice el método de retención que aquí se detalla, deberá dividir el total de dichas partidas entre \$1,600. Este cómputo tiene como propósito facilitar el uso de estas tablas, al considerar cada concesión equivalente a un dependiente. De este modo, el patrono podrá sumar el número de dependientes y el número de concesiones así determinado al efectuar la retención.

Para determinar el número de concesiones por deducciones, se considerarán solamente los múltiplos enteros de \$1,600, sin tomar en cuenta las fracciones resultantes.

Si los salarios del empleado exceden el nivel de salarios más alto de la tabla que bajo el Método de Renglones de Salarios le sea aplicable, el patrono deberá utilizar el Método de Porcentaje.

TABLAS DE RETENCION

Las Tablas de Retención que aparecen en las páginas siguientes consideran los cambios implantados al Sistema de Retención sobre Salarios de acuerdo con el Código.

En el **Apéndice 1**, aparece la tabla para determinar la cantidad de exención para retención bajo el Método de Porcentaje.

En el **Apéndice 2**, aparecen las tablas para determinar el importe de la contribución que se deducirá y retendrá sobre el total de los salarios bajo el Método de Porcentaje.

En el **Apéndice 3**, aparecen las tablas para determinar el importe de la contribución que se deducirá y retendrá sobre el total de los salarios bajo el Método de Renglones de Salarios.

ESTAS TABLAS SERAN DE APLICACION A SALARIOS QUE SE PAGUEN DESPUES DEL 31 DE DICIEMBRE DE 2003.

Section 1141(c) of the Code provides that the number of allowances based on deductions shall be determined dividing the amount of the optional standard deduction (or the itemized deductions) and the additional deductions, plus the sum of any contributions made by the employee to a governmental pension or retirement system, by \$500. Nevertheless, the employer who makes the withholding under this method, shall divide the sum of these deductions by \$1,600. This computation will facilitate the withholding under these tables, by considering each allowance equivalent to a dependent. Thus, the employer may add the number of dependents claimed and the number of allowances so computed to determine the withholding.

To determine the number of allowances based on deductions, only integer multiples of \$1,600 and not the resulting fractions, shall be considered.

If the wages of the employee exceed the highest level of wages in the applicable table under the Wage Bracket Method, the employer must use the Percentage Method.

WITHHOLDING TABLES

The Withholding Tables which appear on the following pages, consider the changes introduced to the System of Withholding of Income Tax at Source on Wages in accordance with the Code.

Appendix 1 contains the table to determine the withholding exemption under the Percentage Method.

Appendix 2 contains the tables to determine the amount of the tax that will be deducted and withheld from the total wages under the Percentage Method.

Appendix 3 contains the tables to determine the amount of the tax that will be deducted and withheld from the total wages under the Wage Bracket Method.

THESE TABLES SHALL BE APPLICABLE WITH RESPECT TO WAGES PAID AFTER DECEMBER 31, 2003.

RETENCION EN EL ORIGEN DE LA CONTRIBUCION SOBRE INGRESOS CUANDO SE PAGAN SALARIOS SUPLEMENTARIOS

WITHHOLDING OF INCOME TAX AT SOURCE WHEN SUPPLEMENTARY SALARIES ARE PAID

A continuación se describe el procedimiento establecido por el Departamento de Hacienda para la deducción y retención en el origen de la contribución sobre ingresos cuando se pagan salarios suplementarios.

DEFINICION DEL TERMINO SALARIOS SUPLEMENTARIOS

La remuneración de un empleado puede consistir de salarios pagados por un período de nómina ordinario y de *salarios suplementarios* pagados por el mismo período, por un período diferente o sin consideración a período alguno. El término *salarios suplementarios* se aplica a la remuneración adicional que se paga como bonificaciones, comisiones, tiempo extra u otros pagos similares considerados como salarios, y por tanto, sujetos a retención.

PROCEDIMIENTO PARA DETERMINAR LA RETENCION

El pago de salarios suplementarios puede o no coincidir con el pago ordinario correspondiente al período de nómina. Además, a veces se pagan salarios suplementarios por dos o más períodos de nómina ordinarios consecutivos. El procedimiento para determinar la retención sobre el pago de salarios suplementarios dependerá de:

1. si el pago de éstos coincide o no con el pago ordinario de salarios, y
2. del número de períodos de nómina ordinarios comprendidos en el período por el cual se pagan los salarios suplementarios.

A continuación se ilustran en detalle, mediante ejemplos, las distintas situaciones que podrían presentarse en casos de pagos de salarios suplementarios.

Hereinafter, the procedure established by the Department of the Treasury for the deduction and withholding of income tax at source when supplementary salaries are paid is described.

DEFINITION OF THE TERM SUPPLEMENTARY SALARIES

The remuneration of an employee may consist of wages paid for an ordinary payroll period and of *supplementary salaries* paid for the same or a different period, or without considering any period. The term *supplementary salaries* applies to the additional remuneration that is paid such as bonuses, commissions, overtime or other similar payments considered as salaries, and therefore, subject to withholding.

PROCEDURE TO DETERMINE THE WITHHOLDING

The payment of supplementary salaries may coincide or not with the corresponding payroll period ordinary payment. Furthermore, sometimes supplementary salaries are paid for two or more consecutive ordinary payroll periods. The procedure to determine the income tax to be withheld upon the supplementary salaries will depend on:

1. whether their payment coincides or not with the salaries ordinary payment, and
2. the number of ordinary payroll periods comprised in the period for which the supplementary salaries are paid.

Hereinafter, the different situations that may occur in cases of payment of supplementary salaries, are illustrated in detail and by means of examples.

1. CUANDO COINCIDEN LAS FECHAS DE PAGO DEL SALARIO ORDINARIO Y DEL SALARIO SUPLEMENTARIO, Y EL PERIODO POR EL CUAL SE PAGA EL SALARIO SUPLEMENTARIO COMPRENDE UN PERIODO DE NOMINA ORDINARIO SOLAMENTE.

En este caso se sumarán ambas cantidades, salario ordinario y salario suplementario, y la contribución que se retendrá se determinará del mismo modo que si se tratara de un solo pago ordinario de salarios.

Ejemplo: "A" es una persona soltera que no hace aportaciones de su salario a un sistema gubernamental de pensiones o retiro (con excepción del Seguro Social) y reclama la totalidad de la exención personal. "A" es vendedor a base de un sueldo mensual de \$500, más comisiones sobre las ventas del mes. Durante agosto de 2004 "A" recibió \$270.30 de comisiones, lo cual se le pagó junto con el sueldo de \$500 el 10 de septiembre de dicho año.

(a) Retención según el **Método de Renglones de Salarios**

El total de la contribución que se retendrá sobre \$770.30 (\$270.30 de comisión más \$500 del pago ordinario de salarios de agosto) será \$47.70. Esto se determinará por la tabla aplicable a un período de nómina mensual cuando el empleado es soltero y la suma del número de concesiones (a base de \$1,600) aparece en el Apéndice 3.

(b) Retención según el **Método de Porcentaje**

El total de contribución que se retendrá sobre \$770.30 (\$270.30 de comisión más \$500 del pago ordinario de salarios) será \$44.58, determinado como sigue:

1. WHEN THE DATES OF PAYMENT OF THE ORDINARY SALARY AND THE SUPPLEMENTARY SALARY COINCIDE AND THE PERIOD COVERED BY THE SUPPLEMENTARY SALARY COMPRISES ONLY ONE ORDINARY PAYROLL PERIOD.

In this case, both amounts, ordinary salary and supplementary salary, are added and the income tax to be withheld will be determined in the same manner as if it were only one ordinary salary payment.

Example: "A" is a single person who does not make contributions from his salary to a governmental pension or retirement system (except for Social Security), and claims all of the personal exemption. "A" is a salesman at a monthly salary of \$500, plus commissions on sales made during the month. During the month of August, 2004, "A" received \$270.30 in commissions, which along with the salary of \$500, was paid on September 10 of said year.

(a) Withholding under the **Wage Bracket Method**

The total tax to be withheld on \$770.30 (\$270.30 of commissions, plus \$500 of the ordinary salary payment of August) will be \$47.70. This will be determined by the table applicable to a monthly payroll period when the employee is single and the sum of the number of allowances (on the basis of \$1,600) appears in Appendix 3.

(b) Withholding under the **Percentage Method**

The total tax to be withheld on \$770.30 (\$270.30 of commissions, plus \$500 of the ordinary salary payment) will be \$44.58, determined as follows:

Salario Total	\$ 770.30	
Menos: Exención para la retención (Apéndice 1)		
Exención personal (soltero)	\$108.50	
Concesión por deducciones (cuatro)	166.00	<u>274.50</u>
Total de los salarios	\$ 495.80	
Porcentaje aplicable (Apéndice 2)		<u>.10</u>
Resultado	\$ 49.58	
Menos:	<u>5.00</u>	
Total de la contribución que se retendrá	<u>\$ 44.58</u>	

Total Wages	\$ 770.30	
Less: Withholding exemption (Appendix 1)

2. CUANDO NO COINCIDEN LAS FECHAS DE PAGO DEL SALARIO ORDINARIO Y EL SUPLEMENTARIO Y EL PERIODO POR EL CUAL SE PAGA EL SALARIO SUPLEMENTARIO COMPRENDE UN PERIODO DE NOMINA ORDINARIO SOLAMENTE.

2. WHEN THE DATES OF PAYMENT OF THE ORDINARY AND THE SUPPLEMENTARY SALARIES DO NOT COINCIDE AND THE PERIOD FOR WHICH THE SUPPLEMENTARY SALARY IS PAID COMPRISES ONLY ONE ORDINARY PAYROLL PERIOD.

Los salarios suplementarios se sumarán a los salarios pagados por el período de nómina inmediatamente precedente dentro del mismo año natural o por el período de nómina corriente. La cantidad de contribución que se retendrá se determinará como si el agregado de los salarios suplementarios y los salarios ordinarios constituyeran un solo pago de salarios para el período de nómina regular.

The supplementary salaries will be added to the wages paid during the immediately preceding payroll period of the same calendar year or during the current payroll period. The amount of tax to be withheld will be determined as if the sum of the supplementary salaries and the ordinary salaries constitute only one salaries payment for the ordinary payroll period.

Ejemplo: "B" es un jefe de familia que tiene tres dependientes, no hace aportaciones de su salario a un sistema gubernamental de pensiones o retiro (con excepción del Seguro Social) y reclama la totalidad de la exención personal. "B" recibe un salario semanal de \$197.25 pagadero el sábado de cada semana. El miércoles de determinada semana a "B" se le pagaron \$30.00 por tiempo extra de la semana anterior.

Example: "B" is a head of household, who has three dependents, does not make contributions from his salary to a governmental pension or retirement system (except for Social Security) and claims all of the personal exemption. "B" receives a weekly salary of \$197.25 payable every Saturday. On a given Wednesday, \$30.00 of the preceding week overtime was paid to "B".

(a) Retención según el **Método de Renglones de Salarios**

(a) Withholding under the **Wage Bracket Method**

La contribución que se retendrá se determinará según la tabla aplicable a un empleado cuyo período de nómina es semanal, es jefe de familia y la suma del número de dependientes (*dos* porque se excluye el que le da derecho a ser considerado como tal) y el número de concesiones por deducciones (*uno*, determinado dividiendo \$2,730 entre \$1,600) es *tres*. De acuerdo con dicha tabla, el pago semanal de \$197.25 caerá

The tax to be withheld will be determined in accordance with the table applicable to an employee whose payroll period is weekly, is a head of household, and the sum of the number of dependents (*two*, because the one that entitles him to be considered as such is excluded) and the number of allowances based on deductions (*one*, determined dividing \$2,730 by \$1,600) is *three*. Under such table, the weekly payment of \$197.25 will fall within

dentro del renglón "sobre \$195 hasta \$200", y por ello, el total de la contribución que se retendrá será \$3.60. Sumando el salario semanal con el pago por tiempo extra se hallará que la totalidad de los salarios (\$227.25) caerá dentro del renglón "sobre \$225 hasta \$230" y el total de la contribución que se retendrá será \$6.60. Como ya se retuvo \$3.60 sobre el pago ordinario de salarios, el total de la contribución que se retendrá del pago por tiempo extra será \$3.00 (\$6.60 menos \$3.60).

(b) Retención según el **Método de Porcentaje**

La contribución se determinará de la siguiente manera:

Salario Total		\$227.25	
Menos: Exención para la retención (Apéndice 1)			
Exención personal (Jefe de Familia)	\$57.70		
Exención por dependientes (dos, ya que se excluye el que le da derecho a ser considerado como Jefe de Familia)	62.00		
Concesión por deducciones (cinco)	47.50	167.20	
Total de los salarios		\$ 60.05	
Porcentaje aplicable (Apéndice 2)		.10	
Resultado		\$ 6.01	
Menos		1.20	
Total de la contribución		\$ 4.81	
Contribución previamente retenida		2.10	
Contribución que se retendrá sobre pago por tiempo extra		<u>\$ 2.71</u>	

3. CUANDO EL PERIODO POR EL CUAL SE PAGA EL SALARIO SUPLEMENTARIO COMPRENDE MAS DE UN PERIODO DE NOMINA ORDINARIO.

Si se pagan salarios suplementarios a un empleado durante un año natural por un período que comprenda dos o más períodos de nómina ordinarios consecutivos y si sus salarios ordinarios son también pagados durante dicho año natural, el total de la contribución que se retendrá sobre los salarios suplementarios se computará de la siguiente manera:

the bracket "over \$195 up to \$200", and therefore, the total tax to be withheld will be \$3.60. Adding the weekly pay with the overtime payment, it will be found that the total wages (\$227.25) will fall within the bracket "over \$225 up to \$230" and the amount of the withholding will be \$6.60. Since \$3.60 was already withheld from the ordinary salary payment, the amount of income tax to be withheld from the overtime payment will be \$3.00 (\$6.60 less \$3.60).

(b) Withholding under the **Percentage Method**

The tax will be withheld in the following manner:

Total Wages		\$227.25	
Less: Withholding exemption (Appendix 1)			
Personal exemption (Head of Household)	\$57.70		
Dependents exemption (two, because the one that gives him the right to be considered as a Head of Household is excluded)	62.00		
Allowance for deductions (five)	47.50	167.20	
Total salaries		\$ 60.05	
Applicable percentage (Appendix 2)		.10	
Product		\$ 6.01	
Less		1.20	
Total tax		\$ 4.81	
Tax previously withheld		2.10	
Tax to be withheld from overtime payment		<u>\$ 2.71</u>	

3. WHEN THE PERIOD FOR WHICH THE SUPPLEMENTARY SALARY IS PAID COMPRISES MORE THAN ONE ORDINARY PAYROLL PERIOD.

If supplementary payments are made to an employee during a calendar year for a period that comprises two or more consecutive ordinary payroll periods and if his/her salaries are also paid during said calendar year, the total withholding that will be made upon the supplementary salaries will be computed in the following manner:

- (i) Determinar el salario promedio para cada uno de dichos períodos de nómina, dividiendo el total de salarios suplementarios y ordinarios pagados por dichos períodos de nómina entre el número de dichos períodos.
- (ii) Determinar la contribución por cada período de nómina como si el total del salario promedio representara los salarios pagados para dicho período de nómina.
- (iii) Multiplicar las contribuciones computadas a base del salario promedio por el número de períodos de nóminas. Restar de este producto el total de las contribuciones previamente retenidas para dichos períodos de nómina. El remanente será el total de contribución que se retendrá de los salarios suplementarios.

Ejemplo: "C" es una persona casada que rinde planilla conjunta. Tiene un dependiente, no hace aportaciones de su salario a un sistema gubernamental de pensiones o retiro (con excepción del Seguro Social) y reclama la totalidad de la exención personal. Es vendedor a base de un sueldo mensual de \$900 más comisiones sobre las ventas, las cuales se pagan al final de cada trimestre natural. El 5 de octubre de 2004 a "C" le pagaron comisiones por \$1,200 por el trimestre que terminó el 30 de septiembre de 2004. El total de contribución que se retendrá de las comisiones pagadas el 5 de octubre de 2004, se computará como sigue:

- (i) Determine the average salary for each one of such payroll periods, by dividing the total of the supplementary and ordinary salaries paid for said payroll periods by the number of said periods.
- (ii) Determine the tax for each payroll period as if the total average salary represents the wages paid for said payroll period.
- (iii) Multiply the tax computed on the basis of the average salary times the number of payroll periods. Subtract from this product the total tax previously withheld for said payroll periods. The balance will be the total tax to be withheld from the supplementary salaries.

Example: "C" is a married person who files a joint return, has one dependent, does not make contributions from his salary to a governmental pension or retirement system (except for Social Security), and claims all of his personal exemption. He is a salesman with a monthly salary of \$900.00 plus commissions on sales to be paid at the end of every calendar quarter. On October 5, 2004, "C" was paid commissions of \$1,200 for the quarter that ended on September 30, 2004. The total tax to be withheld upon the commissions paid on October 5, 2004, will be computed as follows:

Salarios durante el trimestre terminado el 30 de septiembre de 2004 (\$900.00 x 3)	\$2,700.00
Comisiones pagadas el 5 de octubre de 2004	<u>\$1,200.00</u>
Total de salarios y comisiones	<u>\$3,900.00</u>
Salario promedio por cada período de nómina (\$3,900.00 ÷ 3)	<u>\$1,300.00</u>

Cómputo de la contribución que se retendrá a base del Método de Porcentaje:

Salario promedio	\$1,300.00
Menos: Exención para la retención (Apéndice 1)	
Exención personal (Persona casada, que rinde planilla conjunta)	\$250.00
Exención por dependientes (uno)	133.50
Concesión por deducciones (seis)	<u>249.00</u>
	<u>632.50</u>
Total de los salarios	\$667.50
Porcentaje aplicable (Apéndice 2)	<u>.10</u>
Resultado	\$66.75
Menos	<u>5.00</u>
Contribución sobre salario promedio	<u>\$61.75</u>
Contribución sobre el total de salarios y comisiones durante el trimestre (\$61.75 x 3)	\$185.25
Menos: Contribución previamente retenida sobre pagos de salarios mensuales de \$900.00 (\$21.75 x 3)	<u>65.25</u>
Contribución que se retendrá sobre las comisiones	<u>\$120.00</u>

4. CUANDO LOS PAGOS SUPLEMENTARIOS FLUCTUAN CONSIDERABLEMENTE EN CANTIDAD Y EN FRECUENCIA.

Existen casos de empleados a sueldo que trabajan también a comisión y ésta fluctúa considerablemente en la cantidad y en la frecuencia con que se paga. En muchos casos se hacen pagos suplementarios (comisiones, bonos gerenciales, etc.) una o dos veces al año en cantidades sustanciales y durante el resto del año no se hacen más pagos por este concepto. Esto puede traer como resultado que la retención que se efectúe sobre dichos pagos suplementarios resulte excesiva al utilizar los dos métodos antes discutidos.

Wages during the quarter ended on September 30, 2004 (\$900.00 x 3)	\$2,700.00
Commissions paid on October 5, 2004	<u>\$1,200.00</u>
Total wages and commissions	<u>\$3,900.00</u>
Average salary for each payroll period (\$3,900.00 ÷ 3)	<u>\$1,300.00</u>

Computation of the tax to be withheld under the Percentage Method:

Average salary	\$1,300.00
Less: Withholding exemption (Appendix 1)	
Personal exemption (Married person filing jointly)	\$250.00
Dependents exemption (one)	133.50
Allowance for deductions (six)	<u>249.00</u>
	<u>632.50</u>
Total salaries	\$667.50
Applicable percentage (Appendix 2)	<u>.10</u>
Product	\$66.75
Less	<u>5.00</u>
Tax upon average salary	<u>\$61.75</u>
Tax upon total salaries and commissions during the quarter (\$61.75 x 3)	\$185.25
Less: Tax previously withheld upon monthly salaries of \$900.00 (\$21.75 x 3)	<u>65.25</u>
Tax to be withheld upon commissions	<u>\$120.00</u>

4. WHEN THE SUPPLEMENTARY SALARIES PAYMENTS FLUCTUATE CONSIDERABLY ON AMOUNT AS WELL AS FREQUENCY.

There are salaried employees who also work on commissions which fluctuate considerably on amount as well as in the frequency they are paid. In many cases supplementary salaries (commissions, managerial bonuses, etc.) are paid once or twice a year in substantial amounts and during the rest of the year no more payments are received for such concept. Such situation may result in an excessive withholding upon such supplementary salaries, if any of the two preceding methods is used.

En dichos casos, al igual que en otros similares, el patrono podrá computar el total de la contribución que se retendrá sobre los salarios suplementarios de la siguiente forma:

- (1) Elevar los salarios totales del empleado en cada período de nómina a base anual. Para ello, se multiplicará el salario ordinario en un período de nómina regular por el número de períodos de nómina que hay en un año. A este producto se le sumarán los pagos suplementarios recibidos durante el período de nómina que se trate.
- (2) Computar la contribución que se retendrá sobre los salarios totales del empleado (elevados a base anual del modo indicado en el renglón (1)) mediante las tablas de retención aplicables a cuando el período de nómina es anual.
- (3) Determinar qué parte de la contribución (computada de acuerdo con el renglón (2)) corresponde a los períodos de nómina transcurridos hasta el período de nómina de que se trate. Para hacer esto, se aplicará a dicha contribución la proporción que guarde el total de los salarios realmente recibidos (incluyendo pagos suplementarios) durante los períodos de nómina transcurridos **con** los salarios totales del empleado elevados a base anual, según indicado en el renglón (1).
- (4) Restar el total de la retención efectuada anteriormente de la contribución correspondiente a los períodos de nómina transcurridos. El resultado será la retención que se efectuará sobre el pago que se haga.

Cualquier patrono que adopte el método anterior, deberá seguir usando el mismo método durante todo el año natural de que se trate.

Ejemplo: "D" es una persona casada que rinde planilla conjunta. Tiene un dependiente y reclama la totalidad de la exención personal. Es vendedor en una empresa privada a base de un sueldo mensual de \$500 más comisiones sobre las ventas. Estas se le pagan junto al salario ordinario del mes en que las devengue. Debido a la naturaleza del equipo que vende, en algunos meses no efectúa venta alguna. Por tanto, no recibe comisiones en esos meses. Por el contrario, en algunos meses efectúa ventas considerables por las cuales recibe comisiones cuantiosas. En marzo, junio y noviembre del año natural se le pagaron comisiones ascendentes a \$10,000, \$6,000 y \$8,000, respectivamente. El total de la contribución que se le retendrá se computa como sigue:

In such cases, as well as in similar ones, the employer may compute the total tax to be withheld upon the supplementary salaries in the following manner:

- (1) Annualize the employee's total wages in each payroll period. To do so, multiply the ordinary salary in a given payroll period times the number of payroll periods in a year. Add to this product the supplementary payments received during the given payroll period.
- (2) Compute the tax to be withheld upon the employee's total salaries (annualized as indicated in item (1)), using the withholding tables applicable to an annual payroll period.
- (3) Determine which part of the tax (computed under item (2)) corresponds to the payroll periods elapsed until the given payroll period. To do so, apply to said tax the proportion which the total salaries actually received (including supplementary payments) during the given payroll periods **bears with** the employee's total salaries on an annual basis, as indicated in item (1).
- (4) Subtract the total tax already withheld from the tax corresponding to the given payroll periods. The result shall be the tax that has to be withheld upon the payment made.

Any employer who adopts the aforementioned method, must continue using the same method during the whole calendar year.

Example: "D" is a married person filing jointly, has one dependent and claims all of his personal exemption. He is a salesman in a private business at a monthly salary of \$500 plus commissions upon sales. The commissions are paid to him along with the ordinary salary of the month in which they are earned. Due to the nature of the equipment that "D" sells, there are months in which no sales are made. Therefore, he does not receive commissions during those months. On the contrary, in other months he makes considerable sales, and consequently, the commissions are substantial. In March, June and November of the calendar year he received commissions payments amounting to \$10,000, \$6,000 and \$8,000, respectively. The total tax to be withheld is computed as follows:

Período de Nómina	1 Salario Ordinario Anual	2 Total Comisiones Recibidas	3 Salarios Totales Elevados a Base Anual (Col. 1 más Col. 2)	4 Exención para la Retención a Base de Período de Nómina Anual	5 Total de los Salarios (Col. 3 menos Col. 4)	6 Contribución que se retendrá sobre el total de los Salarios de la Col. 5	7 Contribución Correspondiente a Períodos de Nómina Transcurridos	8 Retención Efectuada Anteriormente	9 Retención del Período de Nómina (Col. 7 menos Col. 8)

5. RETENCION QUE SE EFECTUARA SOBRE PAGOS POR BONO NAVIDEÑO.

El patrono determinará esta retención mediante uno de los siguientes métodos:

- (a) Aplicar un 7% al total del bono cuando éste no exceda de \$400.00. Cuando el bono exceda de esta cantidad, la retención se efectuará según el procedimiento señalado en la sección 3, ejemplo "C" de la página 9 de estas instrucciones.
- (b) Determinar el sueldo recibido por el empleado durante el año hasta la fecha más cercana al pago del bono. Sumar el bono a este sueldo. Luego se computará la contribución que se retendrá sobre dicho agregado como si éste comprendiera un período anual. De la contribución así determinada, se resta la contribución retenida, si alguna, y el resultado será el total de contribución que se retendrá sobre el pago del bono.
- (c) Determinar un porcentaje efectivo de retención para cada empleado. Este porcentaje surgirá de la relación que guarde el total de la contribución retenida en el período de nómina más cercano a la fecha del pago del bono sobre el total del sueldo del empleado en dicho período. Este porcentaje se multiplicará por el total del bono.

5. AMOUNT OF INCOME TAX TO BE WITHHELD IN THE CASE OF CHRISTMAS BONUS PAYMENT.

The employer will determine this withholding through the use of any of the following methods:

- (a) Apply an 7% to the total amount of the bonus when it does not exceed \$400.00. In those cases where the bonus exceeds said amount, the withholding will be determined following the procedure shown in section 3, example "C" on page 9 of these instructions.
- (b) Determine the wages received by the employee during the year, up to the date closest to the bonus payment. Add the bonus payment to said wages. The tax to be withheld is computed upon said aggregate as if it were an annual payroll period. From the tax so determined, the tax previously withheld, if any, is subtracted, and the result will constitute the total tax to be withheld upon the bonus payment.
- (c) Determine an effective withholding rate for each employee. This rate will be the proportion that the total tax withheld during the payroll period closest to the bonus payment bears with the total employee's salary in said period. Multiply this rate times the bonus total.

INSTRUCCIONES A LOS PATRONOS PARA RENDIR LAS PLANILLAS Y PAGO DE LA CONTRIBUCION RETENIDA

INSTRUCTIONS TO EMPLOYERS TO FILE THE RETURNS AND PAYMENT OF TAX WITHHELD

La Ley Núm. 262 de 3 de septiembre de 1998 enmendó, entre otras, las disposiciones del Código de Rentas Internas de Puerto Rico de 1994, según enmendado (Código), relacionadas con el depósito de las contribuciones retenidas sobre salarios. El sistema de depósito se modificó para atemperarlo al utilizado por el Gobierno Federal para el depósito de las contribuciones sobre los salarios y de las aportaciones al seguro social.

La Sección 6181 del Código dispone que todo patrono obligado a deducir y retener contribuciones sobre salarios, deberá pagar éstas al Secretario de Hacienda según se establezca en los reglamentos promulgados en relación a la forma, el tiempo y las condiciones que regirán el pago o depósito de dichas contribuciones retenidas.

A continuación se describen las disposiciones contenidas en dichas reglamentaciones, aplicables a contribuciones retenidas sobre **salarios pagados a partir del 1 de enero de 1999:**

1. **Patronos cuya retención en un trimestre no haya excedido de \$500.00.** Estos patronos no vendrán obligados a realizar el depósito mensual, y en su lugar, pagarán dicha contribución cuando rindan la planilla trimestral.
2. **Patronos nuevos y patronos que hayan retenido e informado \$50,000 o menos durante el período comprendido entre el 1 de julio del año antepasado y el 30 de junio del año pasado.** Estos patronos se considerarán depositantes mensuales y continuarán depositando sus contribuciones no más tarde del decimoquinto (15) día del mes siguiente a la retención.
3. **Patronos que hayan retenido e informado más de \$50,000 durante el período comprendido entre el 1 de julio del año antepasado y el 30 de junio del año pasado.** Estos patronos se considerarán depositantes bisemanales y deberán depositar las contribuciones retenidas los miércoles o viernes, dependiendo del día en que se pague la nómina. Esto es, si el patrono paga la nómina un miércoles, jueves o viernes, deberá realizar el depósito el miércoles siguiente. En cambio, si paga la nómina un sábado, domingo, lunes o martes, realizarán el depósito el viernes siguiente.

Act No. 262 of September 3, 1998 amended, among others, the provisions of the Puerto Rico Internal Revenue Code of 1994, as amended (Code), regarding the deposit of income tax withheld from salaries. The deposit system was changed to make it similar to the one used by the Federal Government for the deposit of income tax on salaries and the contributions to social security.

Section 6181 of the Code provides that every employer required to deduct and withhold income tax from salaries, shall pay such amounts to the Secretary of the Treasury according with the regulations regarding the form, time and conditions governing the payment and deposit of such withheld taxes.

Following, we describe the provisions under such regulations applicable to income taxes withheld from **wages paid on January 1, 1999 and thereafter:**

1. **Employers whose quarterly withholdings have not exceeded \$500.00.** These employers are not required to make the monthly deposit; instead, they will pay said income tax when filing the quarterly return.
2. **New employers and employers who have withheld and reported \$50,000 or less during the lookback period which begins July 1 and ends June 30 of the preceding year.** These employers will be considered monthly depositors and will continue depositing their income tax not later than the fifteenth (15) day of the month following the month in which the withholding was made.
3. **Employers who have withheld and reported over \$50,000 during the lookback period which begins July 1 and ends June 30 of the preceding year.** These employers will be considered semiweekly depositors and shall deposit the income tax withheld on Wednesdays or Fridays, depending on the day the payroll is paid. That is, if the employer pays the payroll on Wednesday, Thursday or Friday, the deposit must be made the following Wednesday. However, if the payroll is paid on Saturday, Sunday, Monday or Tuesday, the deposit must be made the following Friday.

4. **Patronos que hayan retenido \$100,000 o más en cualquier día de un período de depósito.** Estos patronos deberán realizar su depósito no más tarde de la hora de cierre del próximo día bancario.

La determinación de si un patrono es depositante mensual o bisemanal se hará anualmente, a base del historial de pago de los últimos 12 meses terminados el 30 de junio del año anterior.

I. PLANILLA TRIMESTRAL PATRONAL DE CONTRIBUCION SOBRE INGRESOS RETENIDA (FORMULARIO 499R-1B)

Contenido de la Planilla - Esta contendrá toda la información sobre la contribución sobre ingresos retenida de los salarios pagados por el patrono a sus empleados durante el trimestre por el cual se rinde como lo dispone la Sección 1141 del Código. La planilla se preparará a nombre del patrono que hace los pagos y estará firmada por éste o por la persona que ejerza el control del pago de salarios. Si el patrono es una corporación, firmará el presidente, vicepresidente u otro oficial principal. Si es una sociedad, firmará el socio gestor.

En caso de que un patrono tenga un crédito de contribución retenida de trimestres anteriores, dicho patrono debe reclamar este crédito en la línea 5 del Formulario 499R-1B. Dicho exceso debe indicarse entre paréntesis "()". Explique la razón del ajuste en un anejo el cual debe incluirse con la planilla.

Fecha en que deberá rendirse el Formulario 499R-1B y efectuarse el pago - La planilla deberá someterse no más tarde del 30 de abril, 31 de julio, 31 de octubre y 31 de enero de cada año. La misma deberá estar acompañada de un cheque o giro postal a nombre del Secretario de Hacienda con un cupón de depósito por aquella parte de la contribución que no haya sido pagada o depositada según se establece en las Secciones 6064 ó 6181 del Código.

Dónde deberá rendirse - La planilla deberá rendirse en la Colecturía de Rentas Internas de su municipio o enviarse por correo al:

DEPARTAMENTO DE HACIENDA
NEGOCIADO DE PROCESAMIENTO DE PLANILLAS
PO BOX 9022501
SAN JUAN PR 00902-2501

II. DEPOSITO DE CONTRIBUCION RETENIDA SOBRE SALARIOS (FORMULARIO 499R.1-A)

El total de la contribución deducida y retenida por un patrono sobre los salarios de sus empleados deberá depositarse en cualesquiera de las instituciones bancarias designadas como depositarias de fondos públicos y autorizadas como tal por el Secretario de Hacienda.

4. **Employers who have withheld \$100,000 or more in any day of a deposit period.** These employers shall make the deposit not later than the closing hour of the next banking day.

The determination of whether an employer is a monthly or semiweekly depositor will be made annually based on the employer's tax withholding payment history during the 12 month lookback period ending on June 30 of the preceding year.

I. EMPLOYER'S QUARTERLY RETURN OF INCOME TAX WITHHELD (FORM 499R-1B)

Content of the Return - The return shall include all information on the income tax withheld upon the wages paid by the employer to his/her employees, during the quarter for which it is filed, as provided by Section 1141 of the Code. The return shall be prepared on behalf of the employer who makes the payments and shall be signed by him/her or by the person who exercises the control over the payment of wages. If the employer is a corporation, the president, vice president or any other principal officer must sign. If the employer is a partnership, the managing partner must sign.

In the case of an employer that has a credit from previous quarters, said employers must claim said credit on line 5 of Form 499R-1B. Said overpayment must be indicated in parenthesis "()". Explain the reason for the adjustment in a schedule and include it with the return.

Dates in which Form 499R-1B must be filed and payment must be made - The return must be filed on or before April 30, July 31, October 31 and January 31 of each year. The same must be accompanied by a check or money order payable to the Secretary of the Treasury with a deposit coupon for said portion of the tax which has not been paid or deposited, as established by Sections 6064 or 6181 of the Code.

Where it should be filed - The return must be filed in the Internal Revenue Collections Office of your municipality or sent by mail to:

II. DEPOSIT OF WAGES INCOME TAX WITHHELD (FORM 499R.1-A)

The amount of tax deducted and withheld by an employer upon the wages paid to his/her employees shall be deposited in any of the banking institutions designated as depositaries of public funds and authorized as such by the Secretary of the Treasury.

El depósito se hará de la forma, en el tiempo y bajo las condiciones indicadas a principio de esta sección. El depósito deberá estar acompañado de este cupón preimpreso.

Los patronos que no hayan recibido estos cupones preimpresos deberán comunicarse con la Sección de Corrección de Errores y Cupones Manuales Estimada y Patronal al (787)722-1499 ó al (787)721-2020 exts. 2446 y 2456.

III. ESTADO DE RECONCILIACION DE CONTRIBUCION SOBRE INGRESOS RETENIDA (FORMULARIO 499R-3)

Todo patrono obligado a deducir y retener contribuciones sobre los salarios de sus empleados, deberá rendir un estado de reconciliación anual donde conste el total de la contribución deducida y retenida durante el año natural sobre dichos salarios, según lo establece la Sección 1141 del Código. Este estado se rendirá además de cualesquiera otros documentos, no más tarde del 31 de enero del año siguiente al año natural para el cual se rinde.

IV. COMPROBANTE DE RETENCION (FORMULARIO 499R-2/W-2PR)

Todo patrono obligado a deducir y retener contribuciones sobre los salarios de sus empleados, o que estará así obligado de haber los empleados reclamado solamente la exención personal admitida a un individuo soltero, suministrará a cada uno de dichos empleados con respecto a su empleo durante el año natural, una declaración escrita en la que constará el total de los salarios pagados por el patrono durante dicho año natural y el total de la contribución deducida y retenida bajo la Sección 1141 del Código sobre dichos salarios, no más tarde del 31 de enero del año siguiente. Si su empleo terminara antes del cierre de dicho año natural, entonces deberá suministrar el comprobante de retención el día en que se efectuará el último pago de salarios.

V. INTERESES, RECARGOS, PENALIDADES Y FIANZA

1. **Intereses** - El Código dispone que se añadan intereses a razón del 10% anual sobre cualquier balance de contribuciones que no haya sido pagado a la fecha de su vencimiento.
2. **Recargos** - Cuando proceda añadir intereses, se cobrará además, un recargo de 5% del total no pagado, si la demora es por más de 30 días y no más de 60 días. Si la demora excede de 60 días, el recargo será por 10% del total no pagado.

The deposit shall be made in the form, time and under the conditions described at the beginning of this section. The deposit must be made accompanied by the printed coupon.

Employers who have not received the printed coupons must contact the Errors Correction and Estimated and Employer Manual Coupon Section at (787)722-1499 or (787)721-2020 exts. 2446 and 2456.

III. RECONCILIATION STATEMENT OF INCOME TAX WITHHELD (FORM 499R-3)

Every employer required to deduct and withhold taxes upon the wages of his/her employees, must file an annual reconciliation statement showing the total tax deducted and withheld during the calendar year upon said wages, as established by Section 1141 of the Code. Said statement must be filed in addition to any other documents, on or before January 31 of the year following the calendar year for which it is filed.

IV. WITHHOLDING STATEMENT (FORM 499R-2/W-2PR)

Every employer required to deduct and withhold taxes upon the wages of his/her employees, or who is so required if the employees had claimed only the personal exemption allowed to an individual who is single, shall furnish to each of such employees with respect to his/her employment during the calendar year, a written statement showing the total wages paid by the employer during such calendar year and the total tax deducted and withheld under Section 1141 of the Code upon such wages, on or before January 31 of the following year. If his/her employment terminates before the close of such calendar year, then you must furnish the withholding statement on the day the last payment of wages is made.

V. INTEREST, SURCHARGES, PENALTIES AND BOND

1. **Interest** - The Code provides for the collection of interest at a 10% annual rate on any tax balance unpaid at its due date.
2. **Surcharges** - In any case in which the addition of interest is applicable, a surcharge shall be further collected equivalent to 5% of the total unpaid, if the delay exceeds 30 days but is not over 60 days. If the delay is over 60 days, the surcharge shall be 10% of the total unpaid.

3. Penalidades:

- *Por dejar de pagar o depositar la contribución deducida y retenida sobre salarios*

Si una persona ha recibido notificación del Secretario de Hacienda por no haber pagado o depositado la contribución retenida sobre salarios y no cumple con lo requerido, incurrirá en delito menos grave. De ser convicta se le aplicará una multa no menor de \$100 ni mayor de \$500, o será reclusa en prisión por un mínimo de un mes y un máximo de seis meses. En algunos casos, se impondrán ambas penas, según la discreción del Tribunal.

Se impondrá además a tal persona, una penalidad no menor del 25% ni mayor del 50% de la insuficiencia determinada por dejar de pagar o depositar la contribución retenida sobre salarios.

- *Por no rendir cualquier planilla y por no recaudar y entregar la contribución*

Se impondrá una penalidad progresiva desde el 5% hasta el 25% del importe de la contribución cuando cualquier planilla se rinda después de la fecha fijada por el Código sin causa justificada. Esto será además de una penalidad de \$500 por cada planilla trimestral o estado de reconciliación anual que no haya sido rendido.

Cualquier persona que voluntariamente deje de recaudar y entregar la contribución y deje de rendir una planilla o declaración requerida dentro de los términos fijados por el Código, incurrirá en delito grave. Por ello, se le aplicará una multa de hasta \$20,000 ó recibirá reclusión por un término fijo de 3 años. De mediar circunstancias agravantes, la pena fija podrá ser aumentada hasta un máximo de 5 años, y de mediar circunstancias atenuantes, podrá ser reducida hasta un mínimo de 2 años. En algunos casos se impondrán ambas penas, según la discreción del Tribunal.

- *Por dejar de suministrar el Estado de Reconciliación Anual y el Comprobante de Retención*

Si un patrono voluntariamente deja de rendir el Estado de Reconciliación Anual o de entregar el Comprobante de Retención a cualquier empleado, incurrirá en delito menos grave. De resultar culpable, recibirá una multa no mayor de \$500, reclusión por no más de 6 meses, o ambas penas, según la discreción del Tribunal.

3. Penalties:

- *For failure to pay or deposit the tax deducted and withheld upon wages*

If a person has received a notification from the Secretary of the Treasury for failure to pay or deposit the tax withheld upon wages and fails to comply with such requirement, said person shall be guilty of a misdemeanor. If convicted, said person shall be subject to a fine of not less than \$100 nor more than \$500 or imprisonment for a minimum term of one month and a maximum of six months, or both, at the discretion of the Court.

In addition, a penalty of not less than 25% nor more than 50% of the insufficiency determined for failure to pay or deposit the tax withheld upon wages, shall be imposed on such person.

- *For failure to file any return and to collect and pay over the tax*

A progressive penalty ranging from 5% to 25% of the total tax shall be imposed when a return is filed after the due date stated by the Code, without justification. In addition, a penalty of \$500 shall be imposed for each quarterly return or annual reconciliation statement not filed.

Any person who wilfully fails to collect and pay over the tax and to file a return or statement required within the terms established by the Code, shall be guilty of a felony. For doing so, said person shall be subject to a fine of up to \$20,000 or imprisonment for a fixed term of 3 years. If there were aggravating circumstances, the established penalty may be increased to a maximum of 5 years. If there were extenuating circumstances, it may be reduced to a minimum of 2 years, or both penalties, at the discretion of the Court.

- *For failure to furnish the Annual Reconciliation Statement and the Withholding Statement*

If an employer wilfully fails to file the Annual Reconciliation Statement or to furnish the Withholding Statement to any employee, said employer shall be guilty of a misdemeanor. If found guilty, said employer shall be subject to a fine of not more than \$500, imprisonment for not more than a 6 month term, or both penalties, at the discretion of the Court.

- *Por dejar de retener o depositar la contribución*

En caso de que cualquier persona dejare de depositar las contribuciones retenidas sobre salarios y las cuales debieron haber sido depositadas dentro del término establecido por el Código, se impondrá a tal persona una penalidad del 2% de la insuficiencia si la omisión es por 30 días y un 2% adicional por cada período o fracción de período adicional de 30 días mientras subsista la omisión, sin que exceda de 24% en total.

4. **Fianza** - Si una persona recibe notificación del Secretario de Hacienda por no pagar o depositar la contribución retenida sobre salarios y no cumple con lo requerido, deberá prestar una fianza ante el Secretario sujeta a la aprobación de éste. Esta fianza será adicional al pago de la insuficiencia y a la imposición de cualesquiera penalidades impuestas por el Código.

La fianza será por una cantidad igual al total de la insuficiencia. A esto se le añadirán intereses sobre el total de la insuficiencia computados por el período de un año adicional a partir de la fecha de la determinación de la fianza.

VI. PERDIDA DEL CREDITO POR CONTRIBUCION RETENIDA SOBRE SALARIOS

La cantidad deducida y retenida sobre los salarios de un individuo como contribución durante cualquier año natural, será admitida como un crédito contra la contribución sobre ingresos de dicho individuo para el año contributivo que comience en dicho año natural.

Si las cantidades retenidas por una corporación o sociedad como contribución sobre salarios no han sido pagadas al Secretario de Hacienda, no se concederá crédito a las siguientes personas:

1. Directores de corporación en funciones en el momento en que no se pagó a tiempo al erario la contribución retenida.
2. Cualquier accionista que posea más del 50% del poder total combinado de voto de todas las clases de acciones con derecho a voto en una corporación.
3. Un socio en cualquier clase de sociedad o empresa común.

- *For failure to withhold or deposit the tax*

In case any person fails to deposit the taxes withheld upon wages that should have been deposited within the period prescribed by the Code, there shall be imposed on such person a penalty of 2% of the deficiency if the failure is for 30 days or less and an additional 2% for each additional period or fraction of a period of 30 days while the failure persists, but not to exceed 24% in total.

4. **Bond** - If a person receives a notification from the Secretary of the Treasury for failure to pay or deposit the tax withheld upon wages and fails to comply with such requirement, said person must post a bond to the Secretary, subject to his approval. Said bond shall be in addition to the payment of the insufficiency and the imposition of any other penalties provided by the Code.

The bond shall be for an amount equal to the total insufficiency. To this, interest on the total insufficiency, computed for the period of one additional year from the date of the determination of the bond, shall be added.

VI. LOSS OF THE CREDIT FOR TAX WITHHELD ON WAGES

The amount deducted and withheld as tax during any calendar year upon the wages of an individual, shall be allowed as a credit against the income tax of such individual for the taxable year beginning in such calendar year.

If the amounts withheld by a corporation or partnership as tax upon wages have not been paid to the Secretary of the Treasury, no credit will be allowed to the following persons:

1. The directors of a corporation who were in office when the withheld taxes were not duly paid to the Treasury.
2. Any shareholder who holds more than 50% of the total combined voting power of all kinds of voting stocks in a corporation.
3. A partner in any kind of partnership or joint venture.
